Hi Susan, we think a meeting in Kalamazoo is a good idea. However, we would like to have some discussions regarding dam related work on the river sooner rather than later. Would you be available for a call next week? We understand that we would need to coordinate with Jim Saric as well. Please let us know. Thx.

Garret.

Garret: Marc and I are involved with working on dam removal projects for the Kalamazoo River with the state of Michigan. We would be happy to meet with you, but the week of the August 26th is not the best time for us – we would prefer to discuss alternative dates that also work for Jim Saric/EPA Superfund, if possible. Additionally, it would be better for us to meet in Kalamazoo or to participate remotely. Thanks.

Subject: Kalamazoo River Discussion

Hi Marc and Sue – As you know Georgia-Pacific (G-P) would like to talk with you about potential plans for GLNPO involvement on the Kalamazoo River, as it is our understanding that you may be involved with possible dam removals. At present, G-P and AMEC are trying to schedule a face to face meeting in Detroit with EPA-Superfund and MDEQ on 8/28 or 8/29.

We were wondering if you'd be available and agreeable to meeting face to face in coordination with the above referenced meeting. If not, maybe by phone or yet another date.

Please let us know.

Thx.
